

We are seeking speakers for the next Radical Research Summit, Friday, Sept 28th, 2018 in Vancouver!

Join 200 researchers, designers, and product thinkers for a day focused on how research can shape innovation and product/service design.

This is the third annual Radical Research Summit. This research conference sells out each year and provides an intimate opportunity to engage in learning and networking with research and design thought leaders.

We are looking for engaging and inspiring speakers who

- Have done groundbreaking research with emerging technologies (e.g., AR, VR, wearables)
- Are passionate about sharing their perspectives on key issues and challenges regarding ethics in research
- Have built research capacity and influence in organizations; delivering research that has impact, or bridges the academic research/commercial research divide
- Can share interesting work or case studies on timely topics (e.g., involving privacy, fake news, addiction)

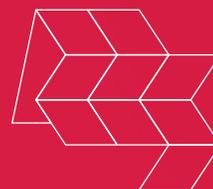

The daylong Radical Research Summit will include a mix of full talks and lightning talks, as well as a stand up lunch, a talent/community board and post-event wine and cheese.

If you are interested in being considered as a speaker, please **submit your talk proposal in 150 words or less to info@radicalresearchsummit.com by May 30th, 2018**. State your proposed talk length (full: 30 mins; lightning: 10-15 mins), and include a brief bio.

Submission details

Proposal submission deadline – May 30th, 11:59PM
Feedback on proposals – June 15th
Acceptance notification – June 30th
Draft outline and slides submission deadline – Mid September
